DISCLAIMERS

This presentation is for informational purposes only. These materials shall not constitute an offer to sell or the solicitation of an offer to buy any interests in any fund or account managed by Triple Summit Advisors, LLC ("Triple Summit") or any of its affiliates. Such an offer to sell or solicitation of an offer to buy will only be made pursuant to definitive Investment Management Agreements between Triple Summit and a prospective investor.

This presentation does not provide specific investing advice to any individual viewing the contents of the presentation and does not represent that the securities or services described herein are suitable for any specific investor. Furthermore, no information or materials contained in this presentation should be construed or relied upon as investment, legal, accounting, tax or other professional advice or in connection with any offer or sale of securities.

The fees and expenses charged in connection with the Global Asset Allocation ("GAA") may be higher than the fees and expenses of other investment alternatives and may offset profits. No assurance can be given that the investment objective will be achieved or that an investor will receive a return of all or part of his or her investment. Investment results may vary substantially over any given time period.

Reference and comparisons are made to the performance of various ETFs and indices for informational purposes only. The performances of the ETFs and indices were obtained from published sources believed to be reliable, but which are not warranted as to accuracy or completeness. Unless noted otherwise, the returns of the ETFs and indices presented do not reflect fees or transaction costs, but those returns do reflect net dividends, if any.

GAA OVERVIEW

Investment Objective: Provide returns commensurate with the indices tracked by the selected ETFs, less investment management and advisory fees

- Intended for all client and account types
- No shorting, hedging (market or F/X), complex derivatives, or use of leverage

Investment Strategy: We invest in a basket of **Exchange Traded Funds ("ETFs")** in order to provide the client with exposure to a diversified set of securities across multiple quantitative and qualitative factors

- Typical factors covered: geography, industry, and market capitalization
- **Diversification** is intended to both provide exposure to multiple sources of return and to decrease the probability that any security will have an outsized negative impact on the client's portfolio
